

YOUR CONNECTION TO LIGHT

LEDs

Osram Opto LEDs
Standard Power : CHIPLED, TOPLED, SIDELED
Mid Power : Power TOPLED, Advanced Power TOPLED
High Power Lighting Class: Golden Dragon, OSLO
Multicolour : Multi TOPLED, Multi CHIPLED

LED LUMINAIRES

Ecolume LED Down Lights
Replacement for Halogens
Energy efficient only 15Watts
Warm white/Neutral white/Cool white
Gimbal versions/Dimmable
LED linear T8 fluorescent replacements

LIGHTING LAMP HOLDERS

BJB lamp holders
Fluorescent/HID/CFL
Dustproof/Waterproof
LED starboard holders
Lamp holders with integrated ballast
Terminal blocks

LED HEAT SINKS

Standard LED heat sinks
Custom heat sinks
Concept to finished product
Full thermal report for each design

LED DRIVERS/POWER SUPPLIES

Mains powered LED drivers 15-24Watts
DC-DC constant current drivers
IP65/67 LED drivers
Dimmable mains powered drivers
Dimmable DC supplied drivers
Full range of AC/DC power supplies
IC PCB mounted LED drivers up to 1.5A

CUSTOM/TURNKEY SOLUTIONS

LED solutions
Downlights, Light Panel, Light Pipe
Street Lighting
Custom Length T8 LED Fluoro

LED LENSES

Lenses for power LEDs
Single and multiple lenses
Custom lenses
Lenses for all major LED manufacturers
Reflectors for LED applications

CABLES/CONNECTORS

Out door use, dust and UV resistant, IP rated
Lighting specific connectors
Cable assemblies
IP65 rated junction boxes & Cable Glands
Waterproof LED Hybrid Connectors for Power & Data
Terminal Blocks

OTHER COMPONENTS

Capacitors: - Film; Pulse Duty; RFI
Integrated circuits:
- LED Drivers; Dali/DMX Controllers
Transformers: - PCB, Strap Clamp Mounting

About Us

Soanar, an Australian Company Headquartered in Melbourne has some 45 plus years of experience.

Distributing a broad range of electronic components, embedded systems, and related products, Soanar works closely with designers and manufacturers in industries such as: Automotive, Communications, Entertainment, Medical, Lighting, Security, Appliance and many more.

What sets Soanar apart from other distributors is our local, dedicated and experienced team's ongoing commitment to servicing our customers and supply partners alike.

Soanar's Value-add Services

Soanar has developed areas of speciality which are supported by teams expert in the specific disciplines relating to each activity. The following divisions meet these criteria.

Soanar Embedded Solutions

Assist in assembling the right hardware platform for Entertainment & Gaming; Automation & Control; Security & Monitoring, Home Theatre & Digital Signage and more.

Soanar Display Solutions

Multiple LCD/TFT panels from 2.4" - 47" for applications including medical, Digital Signage, Point of Sale, Information Kiosks, Terminals and Workstations and more.

Supply Chain Solutions - Soanar Advantage

Soanar is committed to providing customers with highly flexible, innovative Supply Chain Solutions.

Called "Advantage", our solutions are tailored to meet your individual requirements. Driven directly from our ERP system, Soanar Advantage provides you with a complete set of tools to make managing your Supply Chain easier. Advantage also gives you real-time visibility and control through a secure internet portal.

Fast Facts

Local Ownership

100% Australian owned

Local Support

HO in Melbourne, offices across ANZ, South East Asia, India, Hong Kong and China

Quality

ISO9002:2000 endorsed

Systems

World class ERP and secure nationwide network

Processes

Quality assured and fully documented processes that are efficient and effective

Logistics & Supply Chain

Best in class IT platform and processes, VMI, Kan-Ban, Kitting, Turnkey, Assembly

E-commerce

24/7 on-line, real time, ERP driven

Ease of doing business

Adaptive to your needs, custom interfaces to suit

Supply Partners

World leading manufacturers, qualified source of products, manufacturer's warranties

Soanar Wireless Solutions

Transmitting data & voice across networked or stand alone units with supported protocols include HSDPA; GSM/GPRS; GPS; WLAN; RF; WiFi and Bluetooth.

Soanar Power Solutions

Linear & Switch Mode Power Supplies, PCB level and Toroidal transformers with services including transformer design and customisation.

Interconnect Solutions

Assemblies include: wiring looms, IP rated industrial assemblies, PVD injection moulding, smart cables with embedded PCBs, Antenna connectors and much more.

Our Services

- + Field Application Engineering Support
- + Device Programming
- + Sub-assembly Capabilities
- + Custom Power Supply Solutions
- + Custom & Intelligent Cable Assemblies
- + Environmental Conditioning
- + Custom LCD Displays
- + Embedded System Design & Integration
- + Touch Screen Integration
- + Supply Chain Solutions

From design to fulfilment we strive to deliver the latest and most cost effective solutions to our customers.

Our sales team operates from offices located throughout Australia, New Zealand, Singapore, Malaysia, Thailand, India, Hong Kong and China.

Soanar EcoTech

A broad range of Renewable Energy technologies and related products including Components - Solar Cells, Panels, Modules, Kits, Wind Generators/Turbines and much more.

Soanar Lighting Solutions

General Lighting, Architectural & Speciality Lighting, Signage, Back-lighting and Industrial & Commercial Lighting with leading fixtures, fittings and accessories.

Soanar Defence Solutions

A specialist business unit with a sole focus on Defence with relevant electronic products, systems and services to the Defence sector with a minimum of fuss.

Call us to discuss your Supply Chain needs -

Advantage can save you time and money

Soanar Advantage - Clearer visibility of your Supply Chain!
